

# TIMELINE

**2017:** Participating Councils undertake fundraising; pledges confirmed Dec. 1.

**2018:** January announcement of Diocese-wide commitment from the Knights

**2021:** New home project sent to tender. Community funding committed

**2023:** Ideal date new Providence Manor to be opened.

**2025:** New home must be fully functional.

# PLEDGES

Our goal is to seek five-year pledges from all councils in the Diocese.

# RECOGNITION

UHKF will work with the Knights to find an appropriate celebration of your gift, including naming an appropriate space within Providence Manor.

## ABOUT UHKF

The University Hospitals Kingston Foundation (UHKF) is the charitable organization for Kingston's hospitals, including Providence Care.

## A NEW HOME

The new home will cost a projected \$60 M and will be built on the site of the Heathfield Motherhouse.

We anticipate \$12-15 M in community donations will be needed to ensure our compassionate, resident-focused model of care continues to be available to the region.

# A SUPPORTIVE HOME FOR ELDERLY AND VULNERABLE RESIDENTS

## An important role for area Knights

## KNIGHTS' ROLE

Our participation will help to create a supportive, compassionate home for frail, elderly and vulnerable members of our community.

## BENEFITS

The Knights may leverage this high-profile project to focus the efforts and impact of our fundraising, while raising visibility of the Knights in our region.

## "MATCHING" GIFT

An anonymous Knight will provide up to \$100,000 in matching support for funds that we raise.

A public announcement of the Diocese-wide commitment from the Knights will be made in January 2018.

## PROVIDENCE MANOR

Providence Care is building a new long-term care home to meet the needs of area residents.

The current Manor is home to 243 residents. The Manor is the only faith-sponsored long-term care home in our region.

The Manor team strives to enhance the quality of life by meeting the physical, emotional, social and spiritual needs of each person.

Providence Care will build a new 256-bed home that will better meet the changing needs of our residents.
