

# **Knights of Columbus**

# **PROVIDENCE MANOR**

Providing a supportive home to vulnerable and elderly  
residents of our community

The King will answer them:  
'Truly, I say to you, as you did  
it to one of the least of my  
brethren, you did it to me.'

Matthew 25:40

# KNIGHTS OF COLUMBUS

---

All the good works we do are informed by our four core principles:

- Charity
- Unity
- Fraternity
- Patriotism

Providence Care is building a new home to meet the needs of area residents.

The current Manor is home to 243 residents.

It is the only faith-sponsored long- term care home in our region.

The Manor team strives to enhance the quality of life by meeting the physical, emotional, social and spiritual needs of each person.

"When my dad first came here he was quite able to follow mass, to sing and say the prayers. Especially if they were familiar to him. It felt normal.

The staff were very good about getting him to mass everyday. It's a very important and special part of Providence. And I believe that is one of the things that had the biggest influence on my father's choice to come here."

# EXTRAORDINARY PEOPLE

---

The moment you enter Providence Manor, you know it is a special place.

Extraordinary people make the Manor a warm, welcoming home.

From the 243 residents and their families to the dedicated, caring staff and volunteers, a focus on compassion, respect and dignity thrives.

# INNOVATIVE MEDICAL CARE

---

Residents at Providence Manor have excellent access to high quality medical care, as doctors and students from the Department of Family Medicine at Queen's University provide front-line care.

This innovative partnership enhances the day-to-day quality care provided by personal support workers, registered nurses and many others.

# A WELCOMING HOME

---

The Manor team warmly welcomes all people who arrive in need of care and offers a supportive environment that considers the needs of each individual.

Residents who have a desire to continue to participate in a faith community are supported in observing their faith.

## RESPECT & INVOLVEMENT

---

Residents and their families tell us that they feel respected, involved in their care and have independence to make choices about their care.

"I pretty much know everybody who lives here and the people who work here. They are like family." - Resident Jim Stinson

# COMMUNITY NEEDS

---

Our population is aging rapidly - and close to 30% of our region's residents will be over aged 65 by the time the new Providence Manor is opened.

Today more than 86% of the Manor's residents have some form of dementia or cognitive impairment.

Providence Care will build a new 256-bed home that will better meet the changing needs of our residents.

# NEED FOR A NEW HOME

---

The new facility will cost a projected \$60 million and will be constructed on the site of the Heathfield Motherhouse.

We anticipate \$12-15 million in community donations will be needed to ensure our compassionate, resident-focused model of care continues to be available to our region.

# JIM WRIGHT

---

"The empathy and the care on the floor my parents were on was absolutely incredible.

You can only hope that your parents will be somewhere where they are well cared for."

# RECIPE FOR SUCCESS

---

Pending government approvals and necessary planning work, the redevelopment of Providence Manor is to be completed by 2025.

It will result in a new long-term care home that will serve our community well into the future.

The University Hospitals Kingston Foundation (UHKF) is raising funds in support of the building project through its current campaign.

# ROLE OF THE KNIGHTS OF COLUMBUS

---

Our faith community can help ensure the successful completion of this project through our financial commitments and through sharing the story.

Our participation in this project will help to:

- Create a supportive, compassionate home environment for frail, elderly and vulnerable members of our community
- Focus the efforts and impact of our fundraising on a high profile project aligned with our faith
- Raise the visibility of the Knights across our region
- Signal our shared commitment to caring for others who need our help

## NEXT STEPS

---

- Councils consider participation
- Councils identify a project champion
- Champions develop fundraising plans, using UHKF resources
- A “matching gift” of up to \$100,000 has been offered by an anonymous Knight
- Council pledge confirmed by Dec. 1.
- Public announcement of Diocese-wide commitment from the Knights, Jan. 2018 Annual Meeting
